

SIERRA CLUB                      SPECIAL BULLETIN  
HARWOOD LODGE COMMITTEE

GREETINGS AND INVITATIONS! Harwood Lodge needs you. This is an open invitation to all Sierra Club members in all sections.

To - Ladies, gentlemen, young teenagers, old youthfulls and their equally alive friends. And especially those of you who have enjoyed the cooperative, congenial, community atmosphere that always prevails at Harwood Lodge.

Announcement! - Harwood Lodge is open, accessable, operating and welcomes you all. All systems are GO!

A queastion ? ? - Have you ever had the suppressed desire to participate in a community cooperative group effort with the Sierra Club ?

IF th answer is - "Yes" or even "Maybe", then now is the time to unleash that suppression at Harwood's HO/SDS\*. Just be there on any or all of the dates shown below and be ready to mix pleasure with work.

7 Heroes- ( 6 Sierra Club members and 1 Guest) on April 27th voluntarily established a new access road to replace the one that was washed out. Each one donated 14 man-hours to accomplish the feat.

More! - On May 24th a work party including men women and children and guests voluntarily shoveled, raked, scraped, tossed and wheelbarrowed rocks, sand, gravel and dirt. Average participation time was 3 hours for each one. Now the road and parking area are improved but could use a bit more refining. Come on up and help. You may make your own pace and time of participation.

Ready GO! - Just bring some old shoes along with your dancing slippers. We will provide the hand-gloves and tools and the terrain as well as knowledgeable guides in the work area.

Landmarks - to guide you in- On your right and across the road from Snow Crest Inn's swim pool and pony corral keep a sharp eye for the "San Antonio Camp" "Boy Scouts of America" sign on a red cabin that is visible from the highway. Enter here under control ( 3 mph ) and bear left all the way up to Harwood. Try to make it by noon.
